Work Experience

Legacy Life Sciences — Pune, India
Position : Software Engineering Intern — Jan 2026- May 2026

- Developed a Smart Formulation & Inventory Intelligence Dashboard using Python, Pandas, Numpy and Streamlit.
- Applied analytical logic and implemented predictive demand estimation using Linear Regression for future inventory planning
- Performed data analysis on inventory usage trends to support manufacturing decision-making.

ZPlus Cyber Secure Technologies Pvt. Ltd. — Pune, India
Position : Software Engineering Intern — Jan 2024 - July 2024

- Built Cyber Watch, an AI system for detecting abusive content using OCR + NLP.
- Performed data preprocessing and feature extraction to improve model accuracy.

Projects

FP&A Insight Agent

Stack: Python, LangChain, LangGraph, FastAPI, Groq, FAISS, Streamlit

- Built an agentic AI assistant for financial planning queries using LangChain tool-calling, LangGraph multi-step reasoning, and RAG over structured FP&A datasets.
- Integrated memory, semantic retrieval, and Groq LLMs into a FastAPI + Streamlit architecture - reducing manual FP&A analysis effort.

VisionRAG - Multimodal RAG & Document Intelligence

Stack: Python, LangChain, FastAPI, FAISS, Whisper, BLIP, Groq, Streamlit

- Engineered a multimodal RAG platform over PDFs, images, audio, and structured data using FAIS0S vector search, Sentence Transformers, and Groq LLMs.
- Integrated OCR, Whisper, BLIP, and Tavily web search into a unified FastAPI backend delivering citation-backed, context-aware responses.

AI Video Summarizer+ Deepfake Detection

Stack: Whisper, Blip, Groq, FFmpeg, Streamlit

- Built an end-to-end multimodal ML pipeline for processing video, audio, and text data using OpenAI Whisper and BLIP for feature extraction.
- Developed a Streamlit-based interface to simulate model serving and user interaction.

Skills

Languages and Databases : Python, SQL, FAISS
Generative AI & LLMs : RAG, Agentic AI, LangChain, LangGraph, Embeddings, Semantic Search
ML & Data Science : NLP, OCR, Regression, Time Series Forecasting, EDA, Feature Engineering
Libraries : Pandas, NumPy, Scikit-learn, Matplotlib, Streamlit, Tensorflow), FastAPI
Tools : Jupyter, Git, Google Sheets, Slides, Docs, Excel(Pivot Tables, Charts)

Education

Vishwakarma College of Arts, Commerce and Science — Pune, India
M.Sc. (Computer Applications) — Jul, 2024- Jul, 2026

Vishwakarma College of Arts, Commerce and Science — Pune, India
B.Sc. (Computer Science) — October 2020- July, 2023
